Pickleball is taking the country by storm. A sport for all ages, pickleball combines many elements of tennis, badminton and ping-pong. According to USA Pickleball, the rules are simple and the game is easy for beginners to learn, but can develop into a quick, fast-paced, competitive game for experienced players. Although the game has come into prominence over the last few years via televised events by ESPN, pickleball was invented in 1965 on Bainbridge Island, a short ferry ride from Seattle. Capitalizing on its growing popularity, resorts have begun to offer recreational pickleball along with tournaments for guests who are true aficionados.
